CREATION

HAS NO

WORTH

UNLESS IT IS

SHARED

** La création n'a de valeur que si elle est partagée.*

PETITE FRITURE is an Éditeur de design which was founded in 2009 and is currently run by Amélie du Passage.

Through original collaborations with designers from various fields, PETITE FRITURE thrives on the need to instill life to objects, places and moments that are beautiful, charming and subtle. All of our products share a common mindset, and we carry out each project with an unfaltering sense of quality.

At PETITE FRITURE, we have a taste for fresh, bold creation that isn't bound by limitations and arouses emotion. We believe that creation has no worth unless it is shared.

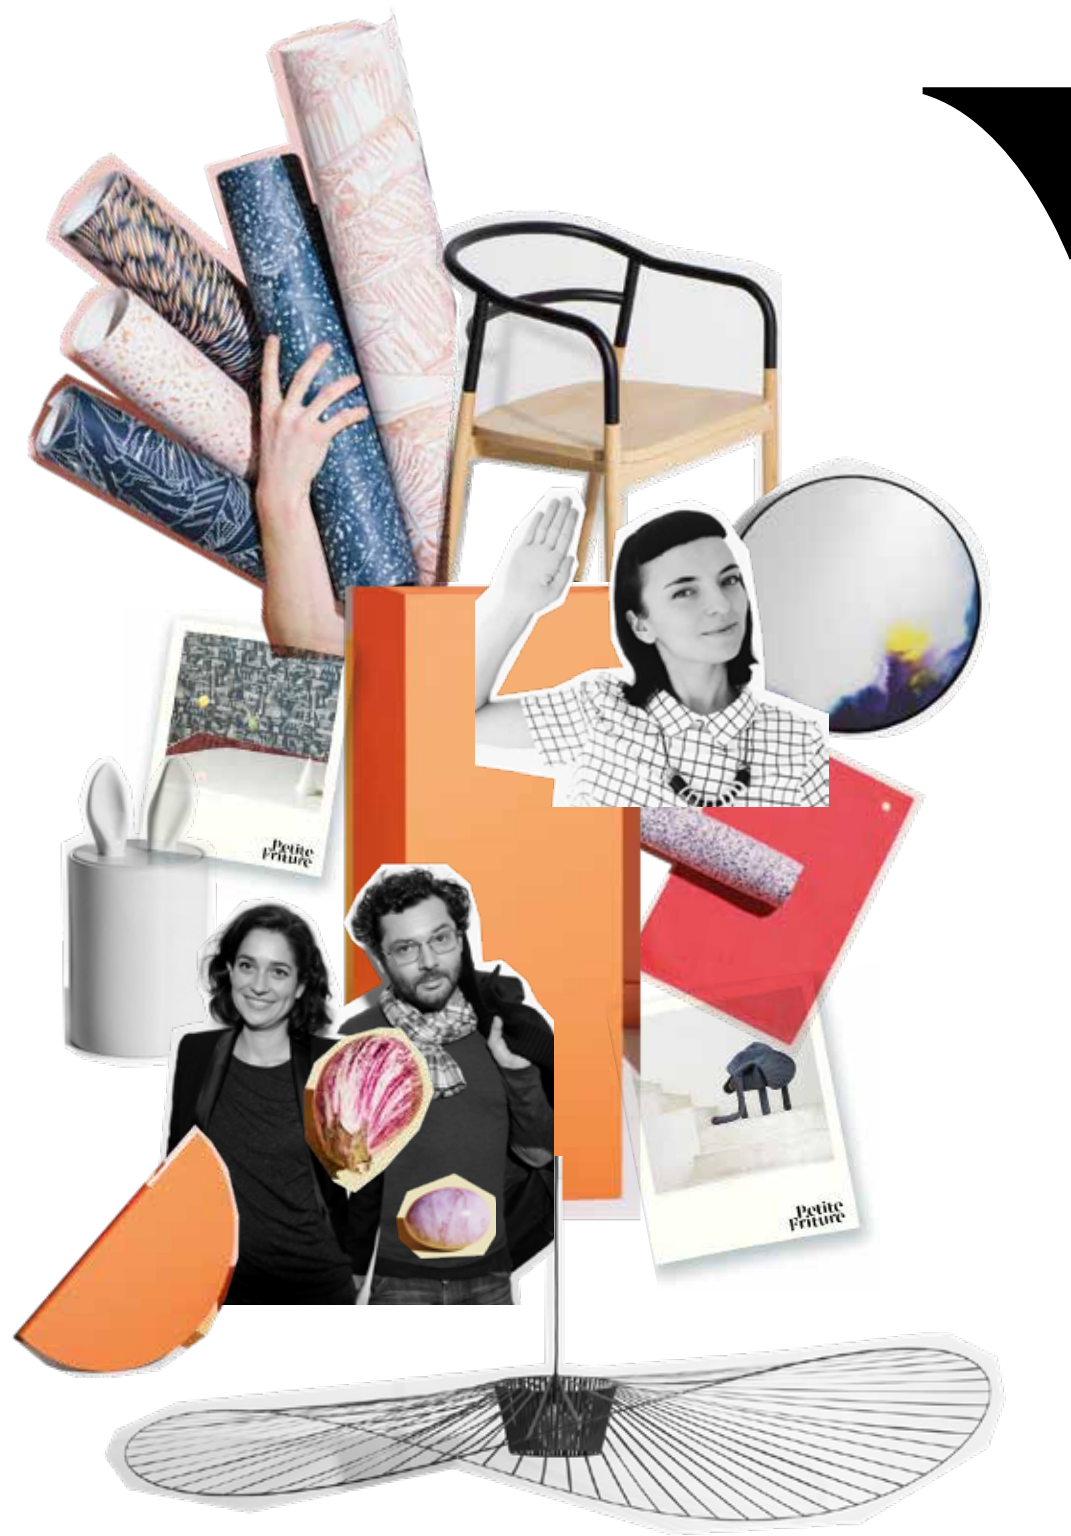

To discover the talents we are so Passionate about, PETITE FRITURE invites you to explore its unexpected world with the desire to make you smile.

PETITE FRITURE est un éditeur de design fondé en 2009 et animé par Amélie du Passage.

A travers des collaborations originales avec des designers venus d'horizons variés, PETITE FRITURE s'applique à donner vie à des produits, des lieux et des moments qui sont beaux, légers et sensibles. Tous irrigués par le même esprit et réalisés avec la même exigence d'exécution.

Chez PETITE FRITURE, nous avons le goût pour une création émergente et audacieuse, qui ignore les frontières et suscite une émotion.

Afin de vous faire découvrir cette création qui nous passionne, nous vous invitons dans une expérience qui surprend et fait sourire.

OUR WORK

PETITE FRITURE IS AN «ÉDITEUR DE DESIGN» DEVOTED TO THE INTERIOR. THROUGH EVERY STEP OF THE CREATION PROCESS, DESIGNERS, CREATIVE THINKERS, MANUFACTURERS AND ARTISANS COME TOGETHER TO GIVE LIFE TO FURNITURE, LIGHTING AND DECORATIVE OBJECTS.

We imagine

Filled with a great sense of curiosity about the world and the variety of talent it has to offer, we identify the designers and creative thinkers who share our acute sense of style and our taste for creativity. With them, we imagine and design new Petite Friture products.

We design

Manufacturers and artisans turn dreams into reality. In line with our high standards and meticulous attention to detail, we orchestrate the production of our objects from start to finish, making sure they truly embody our vision of beauty.

We experiment

Beyond objects, we create a whole world of experience characterised by a spirited aesthetic filled with surprises and imagination. This is what "home" means to us: an invitation to a positive and playful art de vivre.

PETITE FRITURE est un éditeur de design dédié à la maison. Au fil des étapes de travail, nous réunissons designers et créatifs, fabricants industriels et artisans pour créer ensemble des chaises, lampes, canapés et autres objets vernaculaires.

Imaginer | Animés par notre grande curiosité pour le monde et la diversité de ses talents, nous identifions les designers et créatifs qui partagent notre exigence esthétique et goût pour la fantaisie. C'est avec eux que nous imaginons et dessinons les nouveaux produits PETITE FRITURE.

Concevoir | Avec fabricants industriels et artisans le rêve prend vie. Avec une grande exigence et attention du détail nous orchestrans la production de nos objets afin de donner corps à l'esthétique que nous défendons.

Expérimenter | Plus que des objets, nous créons un univers d'expérience qui se distingue par une esthétique narrative et vibrante faite d'imprévus et d'imagination. C'est ainsi que nous concevons la maison, comme une invitation à un art de vivre joyeux et optimiste.

LIGHTING

VERTIGO

CONSTANCE GUISSET

Movement, illusion, lightness, surprise...
VERTIGO reduces space to an intimate
atmosphere and comes to life when
draughts make it slightly lose its
balance.

P 37.

TIDELIGHT

PIERRE FAVRESSE

Hand blown in a mould, TIDELIGHT's texture and shape increase light's diffusion and striped glow.
P36.

LANTERNA

SAM BARON

From a simple lamp to a recollection of Chinese rounded lantern, the pendant lamp LANTERNA with its golden heart is a tribute to light.
P35.

GRILLO

ELISE FOUIN

The wall lamp GRILLO is a simple perforated circle that refracts and dims light like a solar eclipse. GRILLO exists in two versions : the wall lamp with a simple electrical point connected directly to the wall, and the wall lamp embellished by a colored cable (switch and plug) providing a great liberty to set up the lamp as it suits you.
P34.

AURA

TOMAS KRAL

AURA is a pendant lamp in a rolled metal sheet which plays with light in the same way as a delicate lace veil.
P33.

CHERRY

DANIEL • EMMA

Head over heels or cherry on the bottom, with the CHERRY pendant lamps, the designers, from Daniel • Emma studio, enhance light with the irised cherry and its conical hat.

P33.

MÉDITERRANÉA

NOÉ DUCHAUFOUR LAWRENCE

Inspired by the weightlessness "of laundry billowing in Mediterranean balconies" MÉDITERRANÉA is an elegant series of light: a cloth of brass with a perforated graphic motif, resting on a light structure, which sculpts and diffuses the LED light.

P30/31.

CAST
studio vit

CAST is a duo of lights, a game of geometry and of materials where the sphere in glass and the concrete hemisphere create a dialogue.
P32.

SO-SAGE
SAM BARON

Sam Baron signs SO-SAGE, pendant lamps in evocative forms of "sausages" in moulded blown borosilicate glass. Each is unique.
P28/29.

CHAINS

SYLVAIN WILLENZ

CHAINS is a versatile lighting system infused with nature; its shape is reminiscent of a ribbed shell. No matter the position of the electrical outlet, CHAINS can freely occupy any space and in doing so, adopts the appearance of a cascade of lights.
P26/27.

FURNITURE

FRANCIS

CONSTANCE GUISSET

Coming from experiences with pigments diluted in water, FRANCIS is an echo of an ageing mirror with its bright oxidation.

P67.

DOJO

AC/ALSTUDIO

DOJO is a set of table and seats designed by Amandine Chhor and Aïssa Logerot. This refined, elegant design reflects a rigorous work of the line, characterised by a sharp contrast between the softness of solid wood and the grainy texture of steel – this combination of materials participates in the fluidness of the curves.

P57.

TRAME

AC/AL STUDIO

Two main tracks come in a curve together to create this comfortable armchair.

P65.

PANACHE

CONSTANCE GUISSET

PANACHE, adorned with its colored tassels, is a mirror with mischievous elegance and exacerbated forms.

P62.

WEEK-END
STUDIO BRICHETZIEGLER

The WEEK-END collection is a complete range of outdoor furniture. The oval and circular shape drawn by the backrests makes them a graphic statement. The impact of the horizontal and vertical slats, so similar to stripes, highlights the full and empty spaces, asserting the identity of the collection.
P58/59. P60/61.

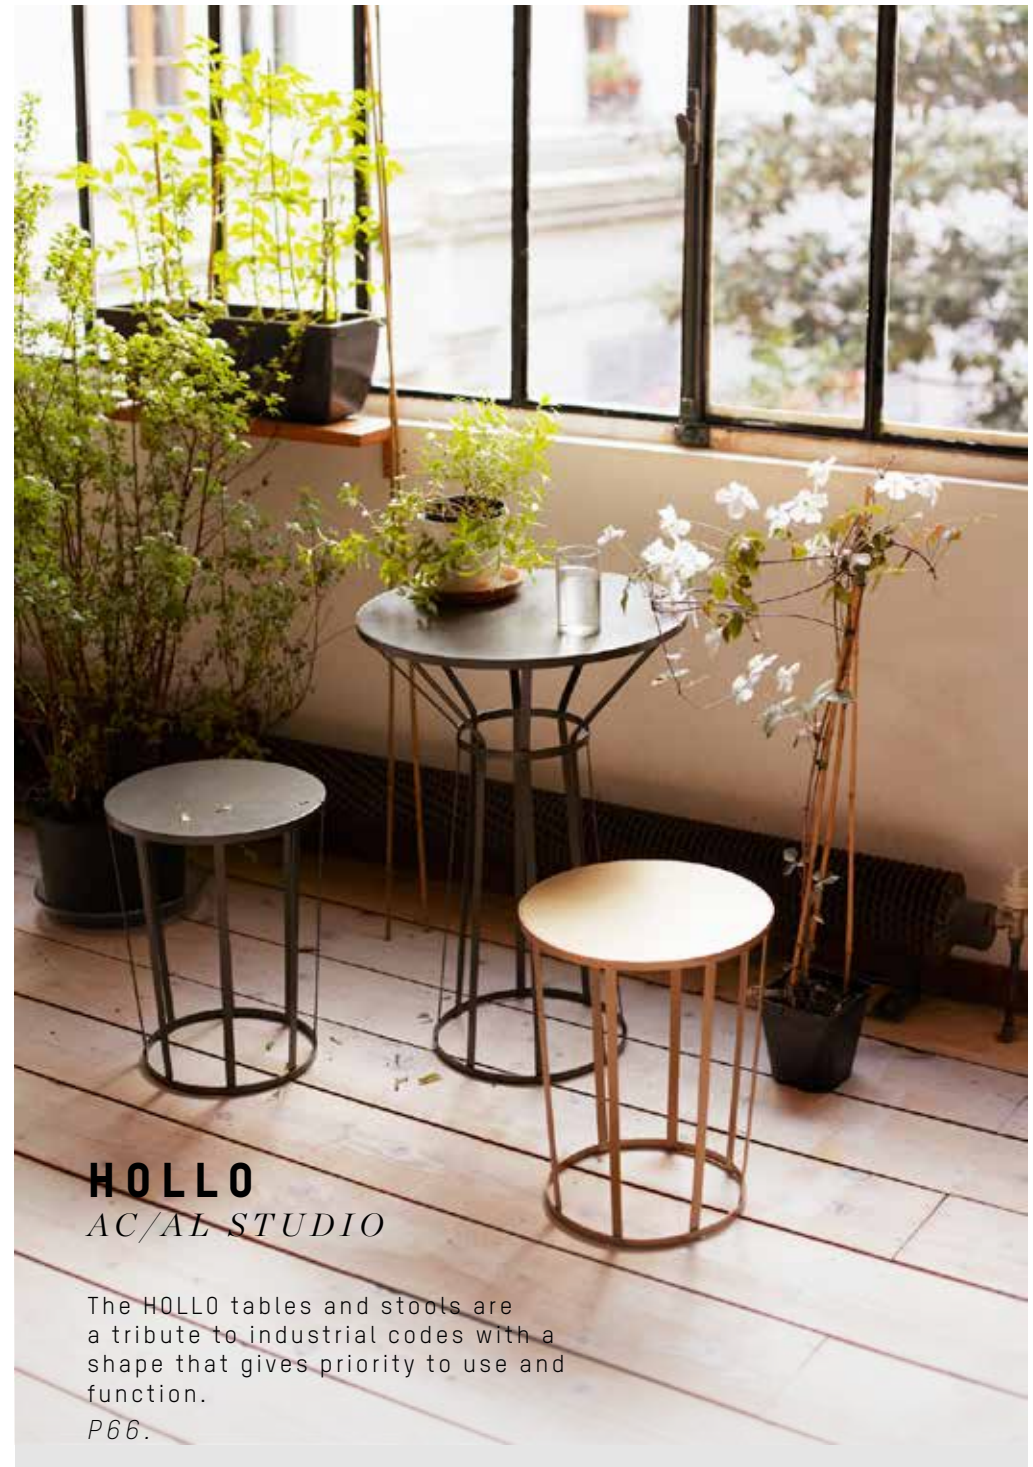

MASK
FEDERICO FLORIANI

Like a painted mask over a shaman's face, the graphic lines of the mirrors give a good twist to your reflection.

P62.

HOLLO
AC/AL STUDIO

The HOLLO tables and stools are a tribute to industrial codes with a shape that gives priority to use and function.

P66.

LOOP

AMANDINE CHHOR

While contemplating the industrial constraints of working with soldered steel wire, Amandine Chhor came up with LOOP, a series of wall shelves. The soldered steel wire conveys a sense of lightness to the piece, while guaranteeing great robustness. These exceptionally curvy shelves come in three models and three colours.

TIPHAINÉ DE BODMAN

From distilled water to a cluster of dots,
this wallpaper will have your head in the
clouds.
P98/99.

CONSTELLATION 2
LESLIE DAVID

Modernist Architecture was the
starting point of this wallpaper
design. Simplified lines are
composed in a subtle way.
P93.

VOLUTES

TIPHAINE DE BODMAN

Signed by Tiphaine de Bodman, VOLUTES is a new pattern declined in wallpapers as well as cushions. It evokes movements and vibrations. VOLUTES is a twirling brush stroke that evokes the fields of wheat of Van Gogh and the meadows of Max Liebermann. *P96.*

DOTS

SHELLEY STEER

The DOTS pattern was created through the exploration of the form and action of expressing dots with graphite. Pressure and placement combine to create a leaf motif, which is then layered and put into a repeating pattern. The DOTS pattern is declined in wallpapers and cushions. *P95.*

MINERALS

SHELLEY STEER

The MINERALS pattern was designed taking inspiration from naturally occurring minerals and rocks. Colour, form and surface markings were interrupted and altered to create a unique surface design. The MINERALS pattern is declined in wallpaper and cushions. *P94.*

JETLAG

LISA LAUBREAUX

At a crossroads between Keith Haring's stroke, the Memphis group's spirit and cheerful abstraction, Lisa Laubreaux delivers a highly festive and graphic pattern, which gives free rein to imagination – somewhere between a flickering face and a shower of streamers.
